Notes:

- (1) Estimated on Jul-Dec 1975 workload (1395 initial requests).
- (2) The 19 Feb-30 Jun 1975 policy of processing every public request as an FOI request accounts for high volume.
- (3) Using Dept. AF Annual total as 27,000 (Oct-Dec 75 requests x 4), DoD total initial FOI requests can be realistically modified downward to 44,403.

UNIFORM AGENCY FEES FOR SEARCH AND DUPLICATION UNDER  
 THE FREEDOM OF INFORMATION ACT AMENDMENTS  
 P. L. 93-502

Introduction

Computer Service Charges

Computer service charges will be based on actual computer configuration used and be based on direct costs only of the Central Processing Unit, plus Input/Output Devices, plus Memory Capacity. Transportation costs of records and personnel arising from searches for requesting reports will be charged at actual cost.

Audiovisual Documentary Material

Service charges for audiovisual documentary materials will include clerical and professional search fees as listed above as well as the direct costs of reproducing the photography or tape and shipping or mailing charges. Audiovisual materials provided a requester under provisions of this Directive need not be in reproducible format or quality.

Waiver of Fees

1. In general, charges shall be waived or reduced when it is determined that release of a requested record primarily benefits the general public and, therefore, is in the public interest. Examples of common situations in which such a determination may be made include:

- a. The recipient of the benefits is engaged in a nonprofit activity designed for public safety, health or welfare;
- b. Payment of the full costs or fee by a state, local government or nonprofit group would not be in the interest of the program;

c. The incremental cost of collecting the fees would be an unduly large part of the receipts from the activity;

d. The request emanates from a representative of the public information media seeking a reasonable number of records.

2. A refusal to waive charges by the official responsible for the initial decision on the request for the record may be appealed to the head of the component or his designee for purposes of final appeal.

### Collections

1. Normally, collection of charges and fees will be made in advance of rendering the service. In some instances, it may be more practical to collect charges and fees at the time of conveying the service or property to the recipient, but only in those instances where the request specifically states that whatever cost involved will be acceptable or acceptable up to specified limit that covers anticipated costs.

2. Collection of scheduled fees and charges will normally be deposited to Miscellaneous Receipts of the Treasury.

3. Search fees are assessable even when no records responsive to the request, or no records not exempt from disclosure are found, provided the requester is advised of the requirement at the time the estimated charges are presented to the requester for approval and he agrees to incur the costs of search.
